:: Security Patented Hot Stamping Foil
(Bio-Metric Technology)

:: Security Microseal (A4 Documents)

Our Range of Security Products:

1

Visible Running Serial Number (It shows sales figures to date as well as stock balance in hand.)

2

Wristband is made from anti-tampering material, tyvek, which is tear-proof and water-proof. Security Cut (The zigzag security cut prevents customers from reusing the wristbands. It will break once the wristband is removed.)

3

OVD: Continuous Image (1. Trustseal which is classified under OVD results in brilliant colour effect. It can be seen under candlelight. 2. Trustseal letters 0.075mm can be seen with a 60x magnifier.)

4

SI: Heat Sensitive Ink (It requires human body temperature 27°C to verify the genuinity of the product. The logo will change to another colour when the ink is heated by different temperatures. Just rub with your finger, the HL logo will change from blue to white.)
